BHARATIYA VIDYA BHAVAN

The Bhavan was founded in 1938 about a decade before the dawn of Indian Independence by Kulapati Dr K.M.Munshi, a farsighted visionary and practical idealist with the blessings of Mahatma Gandhi and co-operation of Shri Rajaji, Dr Rajendra Prasad, Pandit Jawaharlal Nehru, Sardar Patel, Dr S.Radhakrishnan and several other stalwarts. It is totally apolitical and is solely devoted to the promotion of education and Indian Culture.

From the very humble beginning, the Bhavan has come to be recognized as the most comprehensive cultural and educational movement of India, perhaps of the world. The Bhavan stands for the resuscitation of Indian Culture, the revitalization of **Dharma** in its threefold form of Truth, Love and Beauty **Satyam, Sivam and Sundaram** on the foundation of Faith, Self-Discipline and Dedication - **Shraddha, Samyama and Samarpana**. The Bhavan believes in India's age old tradition of **Sarva Dharma Samabhava** -equal respect for all religions and strives for a commonwealth of Faiths. The Bhavan seeks to be a strong bridge spanning the present, past and future. The Bhavan does not recognize any barrier of caste, creed, community, region or religion. **The Bhavan's membership is open to all.**

The Bhavan was conceived and designed to preserve and to foster Indian Culture in its authentic form and to win for the Indian way of life, the esteem and understanding of India's own citizens at the time when the glamour of Western values, ways of living and Western models of education held the younger generation in their spell and made them imitative.

Through its educational institutes, the Bhavan makes extra efforts to inculcate moral and cultural values to tens of thousands of its students spread all over India. It imparts education in subjects ranging from Sanskrit, Indian Culture, Studies of Scriptures, Astrology, Ayurveda, Philosophy, Ethics, Music, Classical Dances, Drama, Literature, Bhakti Sangeet, Arts, Science, Technology, Commerce, Mass Communication, Media Computer Studies, Engineering, Modern Management, Business Administration etc.

It carries out basic research in various fields. Its low-cost books, magazines and research journals have been acclaimed round the world. The Bhavan runs Public Libraries in its very many Kendras and Institutes. The thrust of the Bhavan's effort is strengthening the character of the Nation through spread of modern knowledge along with our ancient wisdom as also of moral and ethical values.

The Bhavan has at present 119 Kendras in India and 10 International Centres in U.K., U.S.A., Singapore, Australia, South Africa, Portugal and schools in Kuwait, Bahrain, Qatar, Abu Dhabi, Al Ain and now in Dubai. It runs 400 educational institutions spread all over India and the number of students is about 3,00,000.

During the eight decades and more of its life, the Bhavan has been steady fast endeavouring to hold fast the fundamental values of life and has come-to be identified as a symbol of the intellectual, educational, cultural, ethical and spiritual values of India, which have come down through the centuries and as a comprehensive National Institution with an international outlook, touching almost all segments of life.

The Bhavan seeks the active participation and support of all in this movement of carrying the Universal message of the Great Indian Culture to the four corners of the world and of building up a Common Wealth of Faith. Hope and basic human values, bringing nations and people together to strive for a world, free from hatred and strife and filled with love, peace and happiness.

BHAVAN'S FAITH

Let me once more set forth the Bhavan's faith for the benefit of new students and members, for it is necessary that they should understand it clearly and imbibe its spirit.

The Bhavan stands for the reintegration of Indian Culture.

In a world falling to pieces under the impact of an amoral technological avalanche, it tries to hold fast to the fundamental values for which our culture stands

RITA, SATYA, YAGNA, TAPAS:

FAITH in God, Who forms the Cosmic Order;

TRUTH which is a cord between mind, word and deed;

DEDICATION which offers all movements of life as an offering to God;

SUBLIMATION which purifies the body and mind and transmutes instincts, passions and emotions into things of beauty.

This, regardless of forms and doctrines, is Dharma, the three-fold aspects of which are **SATYAM, SHIVAM, SUNDARAM** - Truth, Love and Beauty.

For these values our forefathers lived and died, so did Sri Ramakrishna Paramahansa. Swami Dayananda Saraswathi, Swami Vivekananda, Gandhiji and Sri Aurobindo. among the modern spiritual leaders.

These values are embedded in our national outlook.

We command the respect of the world because of them.

We can look forward to the future with confidence only because they have the vitality which gives the power to vindicate their validity even in this fear-and-avarice-ridden age of ours.

We, the Bhavan's family, whether it is the smaller one or the larger one must make every effort in restoring an awareness of these values in personal and collective life.

The Bhavan thanks you for choosing Bharatiya Vidya Bhavan's Sri Venkateswara Vidyalaya for your child to spend his / her formative years. The Vidyalaya promotes love for learning and pursuit of knowledge besides developing mental, physical and spiritual values for children. The guidelines of the Vidyalaya are the achievement of highest scholastic record, the development of refined pattern of behaviour and an awareness of spiritual values.
